IMPORTANT

If this preparation list is not sufficiently completed, the technician reserves the right to reschedule treatment. Fees may be assessed. Additionally, our technicians may be lifting, moving, or tilting furniture and mattresses. While we are focused on the treatment process, you are responsible for putting all items back in place. Please safely store away any breakable or valuable items that could possibly be damaged as we are not responsible for any damage to property. Please note that it may take a few days to a few weeks in order for the chemical to eliminate the infestation. Vacuum all signs of bed bug activity including cracks & crevices in baseboard, furniture, bed frames, and any area where bedbugs have been spotted or may reside. Maintain cleanliness daily for best results. Be sure to launder bedding. 60-day Emergency call backs as needed. Emergency call backs are VOIDED if cleaning is not maintained. Call backs may be voided if client fails to follow ALL technician instructions on after care. **I have read and understand the checklist. It is my responsibility to remove any items necessary for treatment. If any items are left during treatment, I understand Blue Beetle is not responsible for repair or replacement.**
